

## REMARKS

All pending claims currently stand allowed following the Examiner's Amendment entered pursuant to a phone conversation between the Examiner and Charles Leyes on August 26, 2009. Applicants appreciate the Examiner taking the time to draft and enter the Examiner's Amendment.

After further reviewing the allowed claims, Applicants have noted a few claims that may include some potential minor antecedent basis issues. Applicants have accordingly made clarifying amendments to Claims 77, 83, 88, 93, 97, 106, 108, and 110 as reflected in the above listing of amended claims. These amendments do not add any matter and do not change the scope of the allowed claims. Accordingly, it is respectfully requested that the Examiner enter the amendments prior to issuance of the application. If the Examiner has any questions about the amendments, Applicants encourage the Examiner to contact the Applicants' undersigned representative.

## CONCLUSION

It is not believed that extensions of time or fees for net addition of claims are required, beyond those that may otherwise be provided for in documents accompanying this paper. However, in the event that additional extensions of time are necessary to allow consideration of this paper, such extensions are hereby petitioned under 37 CFR § 1.136(a), and any fee required therefore (including fees for net addition of claims) is hereby authorized to be charged to Deposit Account No. 16-0605.

Respectfully submitted,
